10. A web registration form with the fields first name, last name, username, password, repeat password, and the Register button. Create a checklist with various checks. Vimogi: a) First name and Last name are written either in Latin or Cyrillic letters. Only hyphens are accepted from special characters (for example, Anna-Maria)

Coach's b) Username can be composed of Latin letters and numbers. Special symbols are protected. tast: c) The password must be 10 to 20 characters, at least 1 digit, at least 1 uppercase letter (capital letter), and at least 1 special character. Letters that are not included in the English alphabet are not allowed in the password.

d) The data in the Repeat password field will be completely identical to the password. The register may also be consistent (PaSSword and PassWord for different passwords)

	Steps Positive	Status	Test Data Comments
	Enter First name - Latin, Last name - Latin, Username - Latin, Password - 10 characters, Repeat password - the same		First name - Anna, Last name - Happy, Username - Niki, Password - A24n&qeVz7, Repeat password
